KAPI-CUP®

Available in 3 sizes in packs of 5

Single handle cup holder

Double handle cup holder

These semi-flexible lightweight cups are carefully shaped to encourage safe drinking and swallowing - as the user does not need to tilt the head whilst drinking

- ✓ Semi-flexible top part of the cup allows the cup to be squeezed to help direct flow of fluid into the mouth by a carer or user
- ✓ Bite-safe and shatterproof - smooth moulded edges and lightweight
- ✓ Suitable for warm and cold liquids
- ✓ Competitively and economically priced
- ✓ Small size (30ml) ideal for use with children
- ✓ Each cup has an approximate fill line
- ✓ The medium and large sized cups are supplied with a double handle holder - making the price even more attractive!
- ✓ A choice of single or double handle holders are available in packs of 2
- ✓ Microwave and dishwasher safe
- ✓ CE marked

OS FSA 5505	Kapi-Cup	Holder	Double Handle		Pack of 2

*Supplied with one double handle holder

KAPITEX

DYSPHAGIA

CUP

Clear Green

The new and improved design Kapitex Dysphagia Cup is shaped to allow sufficient nose clearance - to empty contents without having to tilt the head back.

A successful swallow is one that has diverted food or liquid into the food tube (oesophagus) and not into the lungs. Frequently a person who has had a stroke, head injury or neurological disability has difficulty performing a successful swallow. Safe swallowing may be accomplished by maintaining the chin in a tucked down position or by drinking thickened liquids or both.

- ✓ Sized for efficient lip seal and control
- ✓ Shaped to direct flow of contents to the centre of the mouth
- ✓ Contoured for easier delivery of thickened liquid flow
- ✓ Suitable for warm and cold liquids
- ✓ Weighted to help reduce tremor frequency
- ✓ Choice of 2 colours, Almond or Clear Green. Clear cup allows carers to see how much liquid has been delivered
- ✓ One piece construction - more hygienic (snap on base optional)
- ✓ Durable non toxic polycarbonate material. Cup base polyethylene
- ✓ Wide handle to allow extended palm inside so gripping not required
- ✓ Supplied with removable base to provide extra stability if required
- ✓ Easy to clean, dishwasher safe
- ✓ CE marked

Almond, shown with optional base

NEW AND IMPROVED WITH SNAP ON STABILITY BASE

The Kapitex Dysphagia Cup has been designed to meet the needs of people who have difficulty in completing a successful swallow.

OS FSA 5002	Kapitex Dysphagia Cup	200ml	Almond
OS FSA 5003	Kapitex Dysphagia Cup	200ml	Clear Green

PROVALE™ Cup

Uniquely, the Provale Cup delivers a set amount of fluid each time the cup is tipped. This important feature ensures a controlled delivery for those with swallowing difficulties.

- ✔ Designed with the assistance of interviews and feedback from over 500 speech-language therapists and occupational therapists
- ✔ Accurate, fixed delivery amount of 5cc and 10cc (depending on style) with each drinking motion
- ✔ Available with clear base, blue lid (5cc) and brown lid (10cc)
- ✔ The clear base allows carer to see how much fluid has been delivered.
- ✔ Patented mechanism prevents over-delivery of fluid.
- ✔ Good nose clearance minimises head tilt
- ✔ Suitable for warm and cold liquids
- ✔ Can accommodate some thickened liquids
- ✔ Optional one or two handle "easy-grip" design or no-handle design
- ✔ Travel-mug appearance is functional, yet safe
- ✔ Microwave and dishwasher safe
- ✔ Easy cleaning - no difficult valves or tubes to clean
- ✔ CE marked

OS PDC 1002	PROVALE CUP	10cc	BROWN/CLEAR

KAPITEX

Maroon Spoons

Adults and children with feeding problems such as poor lip closure, tongue, throat and oral hypersensitivity, will find it easier to use the Kapitex Maroon Spoons. These sturdy spoons have shallow, narrow bowls. The design of the spoons makes it easier to get foodstuffs off the spoon - compared with traditional spoons.

- ✔ No sharp edges and produced from polycarbonate
- ✔ For hygiene reasons we recommend that Kapitex Maroon Spoons be replaced regularly
- ✔ Shatter proof (not suitable for severe bite reflex)
- ✔ Lightweight
- ✔ Easy to clean and dishwasher safe
- ✔ Available in two sizes in packs of 20
- ✔ CE marked

Dimensions:

Small Bowl

Bowl dimensions, widest point: 25mm
Bowl length: 35mm
Length of spoon: 145mm

Large Bowl

Bowl dimensions, widest point: 31mm
Bowl length: 40mm

OS FSA 4901	Kapitex Maroon Spoons Small	Pack of 20
OS FSA 4902	Kapitex Maroon Spoons Large	Pack of 20

NOVO Cup

Ergonomically designed, easy to hold, even in small or weak hands. With Sure Grip mugs the user has complete control over the flow of liquid

Thermo Lid, small aperture, indicates safe drinking temperature changing colour at 37° - 38°C

Specially designed drinking lids come with small or large aperture

Kapitex have available Oral Motor Exercise tools for the rehabilitation of swallowing difficulties, particularly after stroke.

The user is in complete control of the flow rate of fluid by sucking on the spout when the cap plug is in place. This cup is ideal for those with restricted movements of the head and neck.

- ✓ Suitable for warm and cold liquids
- ✓ Complete control of flow rate when cap plug is in place
- ✓ Ideal for those with restricted head and neck movement
- ✓ Spill proof when tipped over (with cap plug in place)
- ✓ Clear plastic beaker so contents are visible
- ✓ With measurement markings; contains up to 250ml liquid
- ✓ Complete with two straws
- ✓ Dishwasher and microwave safe
- ✓ CE marked

The products featured on this page are drinking aids for use in general nursing situations

OS FSA 5101	Novo Cup with Lid and 2 Straws	250ml
OS FSA 5102	Straws for Novo Cup	Pack of 50

SURE GRIP

MUG

- ✓ Featuring a valve in the lid which prevents leakage if the mug is tipped over.
- ✓ Flow control achieved by sucking on spout
- ✓ Carers and users can control flow of liquid by depressing centre of lid
- ✓ Lids available with small aperture (most common), large aperture (for thickened liquids) and heat sensitive lid (changes colour if liquid too hot)
- ✓ Easy to hold - even with weak hands
- ✓ Suitable for warm and cold liquids
- ✓ Optional straw holder attachment holds the straw in place on the mug rim
- ✓ Choice of 4 colours
- ✓ Dishwasher, microwave and freezer safe
- ✓ CE marked

The drinking lid is a perfect fit for the Sure Grip Mug

The straw clip allows secure attachment of the drinking straw (not supplied) to the mug.
